

# Hård-Lite<sup>®</sup>

## Model • RWT TRI 350 - HL

The RWT **Hård-Lite** (*design and patent protected*) is a next generation side tipper and is a leader in it's class, with a solid reputation for quality, long lasting construction and reliability. All components are computer profile cut for neatness and accuracy. This model can be manufactured to any size or specification to suit your needs.

### STANDARD FEATURES

- New design 'floating body' for improved strength, minimal impact damage and improved load ejection.
- Tare weight advantage due to the latest design techniques.
- Body completely fabricated from hi-tensile Hardox 450<sup>®</sup> high quality steel, giving maximum strength and minimum wear capabilities.
- Fully welded body and chassis to eliminate corrosion and load contamination.
- Hydraulic system protected by in line filter.
- Body and chassis abrasive blasted prior to painting in 2 pak primer and paint.
- RWT unique single valve incorporating in built pressure protection and sequence valve to ensure door opens fully before body is lifted.
- Wiring loom with double PVC coated cable, full adhesive sealed joints and weather proof Deutsch plugs.

## Roadwest RWT Tri-Axle Hård-Lite® - Standard Equipment

■ Remote greasing points for ease of maintenance.

■ In-line 25 micron high pressure oil filter fitted for valve and cylinder protection.

■ Heavy duty solid, greased door hinge system, for long life and trouble free operation, with minimal servicing required.

■ Fabricated steel bracket to rear with air, electrical, hydraulic couplings and Ringfeder.

■ Formed steel gable ends ready for tarpaulin installation to keep load free from contamination.

■ Rubber mud flaps front and rear of suspension, spring tensioned rubber guards over tyres, rubber protection flaps over rear coupling.

■ Strong lead-in plate and front bolster protects air, electric and hydraulic fittings.

■ Swinging dual spare type carrier.

■ All non processed steel components are CNC Plasma/Oxy profile cut for neatness and accuracy.

■ Other variations available upon request.

Roadwest RWT reserves the right to change or alter the specifications on any of their trailers or products without notice.
